Forecast For West Midlands
Issued by Met Office Exeter
at 1600 on Thursday 14 Oct 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Cloudy with rain arriving later in the night.

This Evening and Tonight:
Mostly cloudy this evening. A few clear spells to begin but becoming fewer and far between ahead of a band of rain moving south across the region during the second half of the night. The rain turning patchier towards dawn. Minimum temperature 8 deg C (46 deg F).

Friday:
Cloud and patchy rain largely pulling away to the south, with sunshine following on. A cooler feel to late, despite more sunshine and light winds. Maximum temperature 14 deg C (57 deg F).

Outlook for Saturday to Monday:
A chilly start on Saturday, especially further north and east, but steadily turning cloudier and milder again. Variable amounts of cloud on Sunday, then more unsettled and breezier next week.
